

ADVANTAGE PLUS PROGRAM

Maintain the Performance of Your Investment

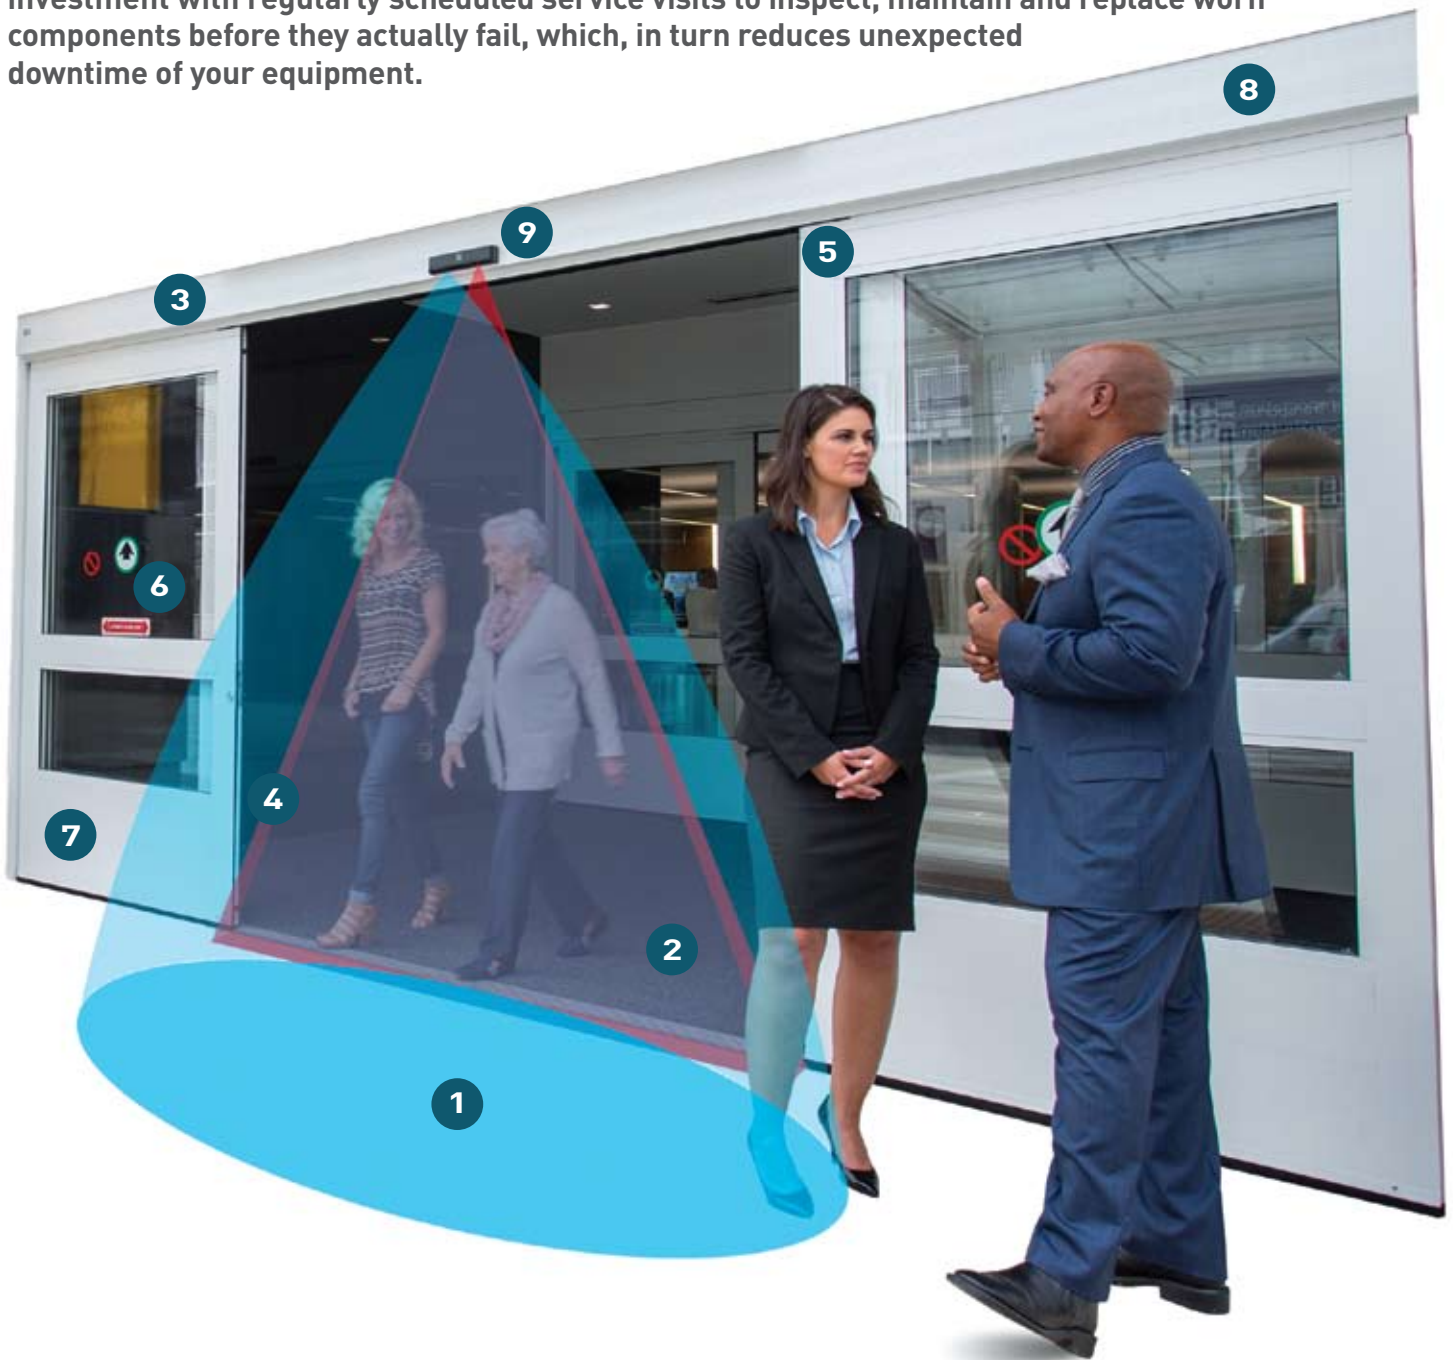

Plan advantages:

- Priority response **reduces downtime**
- Equipment runs at peak performance **ensuring maximum efficiency**
- Online service portal affords ability to **track assets and dollars spent**
- Extends the life cycle while **protecting against unplanned breakdown costs**
- Regular maintenance checks **eliminate premature replacement of your investment**

The Advantage Plus Program

Unlike reactive maintenance, preventative maintenance is a beneficial, cost-saving approach to extending the life cycle of your equipment. NABCO's Advantage Plus Program protects your investment with regularly scheduled service visits to inspect, maintain and replace worn components before they actually fail, which, in turn reduces unexpected downtime of your equipment.

Our AAADM-certified, factory-trained technicians will check, fine tune and ensure standard compliance.

Key check points include:

- | | | |
|------------------------------|-----------------------|---|
| 1) Activation zone | 4) Holding beams | 7) Bottom guides /track rollers |
| 2) Presence zone | 5) Breakout mechanism | 8) Door operator/microprocessor control |
| 3) Opening and closing speed | 6) Signage | 9) Activation/presence sensor |

Advantage Plus Service Offerings

Accommodating your needs and budget is the goal of our Advantage Plus Program. Proactive scheduled maintenance is a fundamental way of preventing unexpected issues and downtime of your equipment. Our professional, friendly service team will help you choose the right plan based on the age and condition of your equipment, volume of pedestrian traffic and geographic location.
