

# Gyro Tech Controls Identification Sheet - Swing Door Controls

Large capacitor and terminal strips at each end

Pt # 21-8735-R  
Pre-Magnum Control for GT710 Low Energy  
*Available as rebuilt only*

Jumper in socket in lieu of Relay

Pt # 41-2208  
Analog Control for GT500 Low Energy

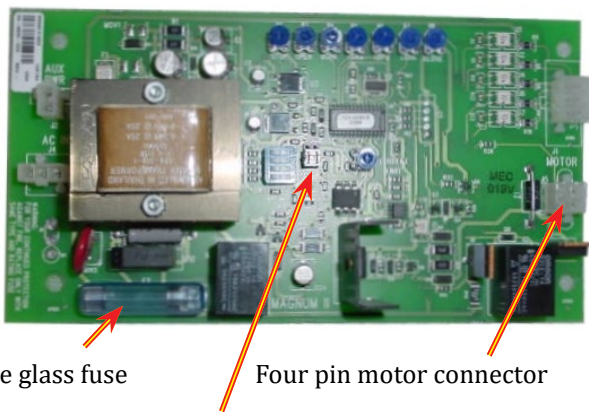

Two glass fuses      Two pin motor connector

Pt # 24-9800-01R  
Magnum 1 Control for GT710 Low Energy  
*Available as rebuilt only*

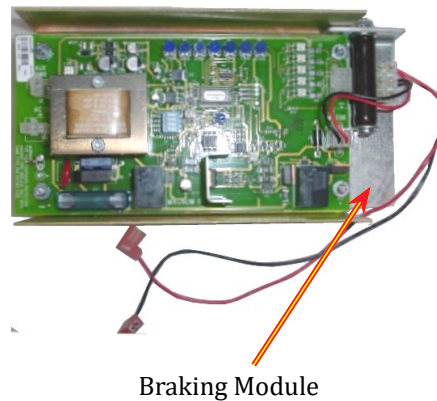

Relay Installed in this Socket

Pt # M-01457  
Analog Control  
for GT300/400 Full Power  
& GT500 Optional Speed

One glass fuse      Four pin motor connector  
Removable Jumper

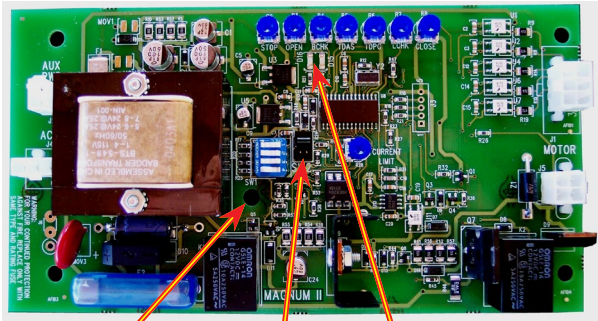

Pt # 24-9800-02R or -03R  
Magnum 2 & 3 Control for GT710 Low Energy  
*Available as rebuilt only*

Braking Module

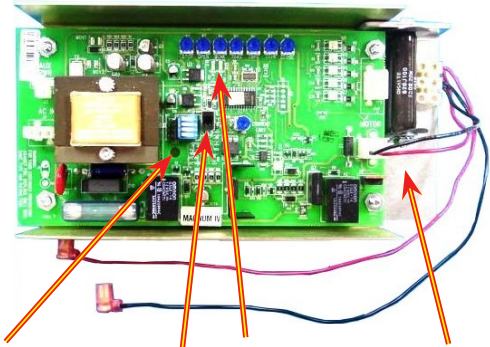

Pt # 12-10292-02R or -03R  
Magnum 2 or 3 Control with Brake Module  
for GT300/400 Full Power or GT500 Low Energy  
*Available as rebuilt only*

# Gyro Tech Controls Identification Sheet - Swing Door Controls

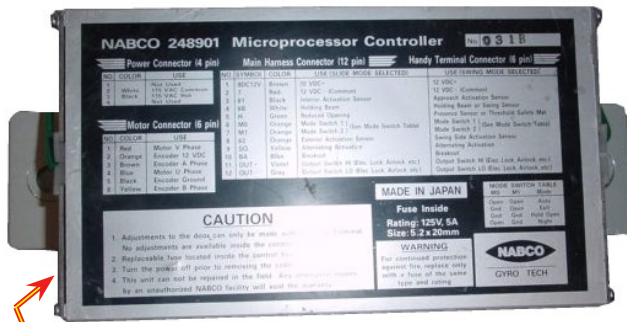

5th Mounting Hole  
Two Position Slide Switch  
Green & Red LED's

Pt # 24-9800-04R  
Magnum 4 Control without Brake Module  
*Available as rebuilt only*

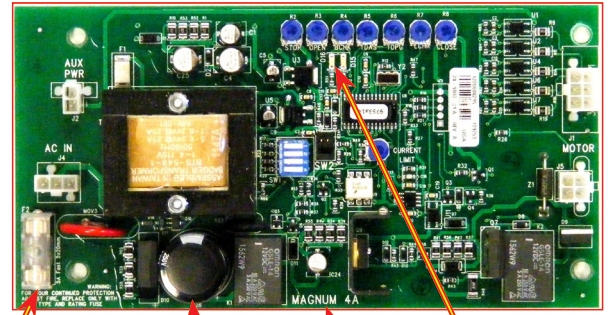

5th Mounting Hole  
Two Position Slide Switch  
LED's  
Brake Module

Pt # 12-10292-04R  
Magnum 4 Control with Brake Module  
*Available as rebuilt only*

Version number on label (end of box)

Pt # 24-8901-xxR  
(xx = version number)  
"U" Series Control for GT300/400 Full Power  
*Available as rebuilt only*

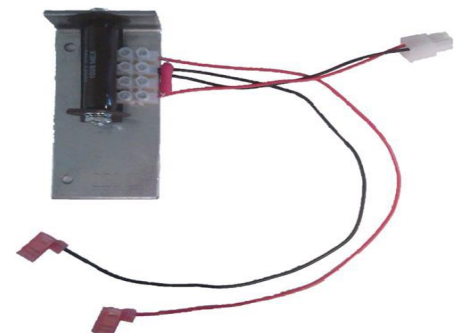

Fuse  
Large Capacitor  
Magnum 4A  
LEDs

Magnum 4A control for GT710 without  
Brake module - Pt # A-00634  
Magnum 4A Control for GT300/400/500 with  
Brake Module - Pt # 12-10292-04A  
Fuse: Pt # 14-9470

Four Relays (two large & two small)

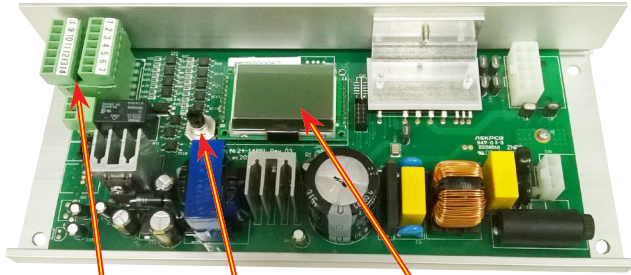

GT300/400 (PAC) Control  
Use  
Retro-fit kit to convert a GT300/400/500 swinger  
see page J1-12 for more information

Pt # M-01175  
Complete Brake Module With Fuse  
For Magnum Control

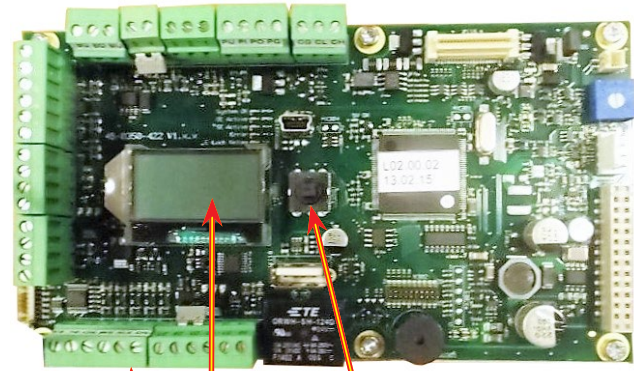

Pt # A-00453  
Fuse Only

## Gyro Tech Controls Identification Sheet - Swing Door Controls

Terminal Blocks  
Rotating Programming Knob  
Programming Display

Opus Control

Terminal Blocks  
Programming Display  
Joystick Programming Knob

Pt # V-00317  
GT20 Control

- For GT710 Swinger  
Pt # A-01097 WITHOUT Brake Module
- For GT8300/8400/8500 series - Sideload Header  
Pt # A-00888 WITH Brake Module
- For GT300/400/500 series - Bottom Load Header  
Pt # A-01098 WITH Brake Module
- For GT1400 Folding door  
Pt # A-01135 WITH Brake Module
- For GT1175 Slider with U19 or earlier control  
Pt # A-01099

**Note:**

Above part numbers are for ***control only***  
Does not include harnesses

For complete retrofit kits  
Including controls and harnesses  
Refer to section D1

# Gyro Tech Controls Identification Sheet - Slide Door Controls

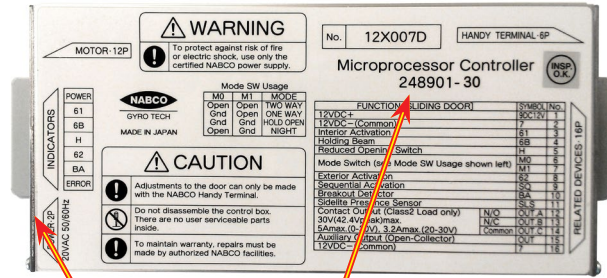

Terminal Blocks

ON/OFF Switch

Pt # V-00029

Power Supply for U30 Control  
for GT1175 Slide Door

LED Indicators

Part Number

Terminal Strip

Pt # V-00020

U30 Control  
for GT1175 Slide Door

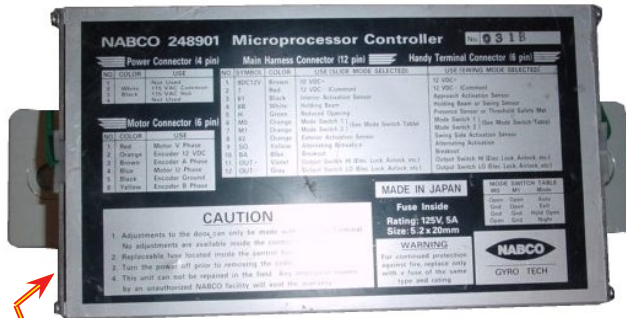

## NOTE:

U30 Control shipped without harnesses. The following harnesses must be ordered separately:

14-11874 Power Harness

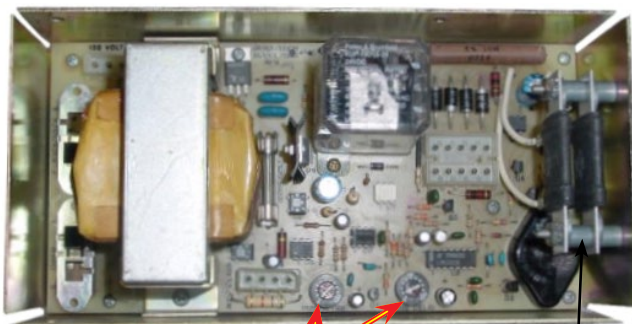

24-11877 Main Harness

14-11837 Handy Terminal Extension Harness

Version number on label (end of box)

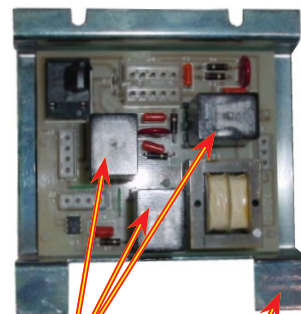

"U01-U19" Series Control for GT1175 Slide Door  
No longer Available  
Use *Opus* Control following page as a direct replacement

Time Adjustment Pots

Braking resistors

Pt # 41-3800-R  
for Control GT1100 Slide Door  
Available as rebuilt only

Relays

Tabbed Bracket

Pt # 21-8133-R USA or Pt # 21-8355-R Canada  
for GT1100 Slide Door Auxiliary Control  
Available as rebuilt only
